FIGURE 5 is a perspective view of a device. It features a central circular component with a textured, possibly metallic, surface. This component is surrounded by a larger, rectangular frame or housing. Various parts are labeled with reference numerals: 210, 221, 222, 218, 214, 226, 224, 230, 240, 232, 236, 216, 212, 234, 228, 238, and 230. The device appears to be a specialized tool or component, possibly related to the medical or dental field as suggested by the context of the document.
